The risk assessment project must be completed within two weeks of finishing the course.

Assessment procedures:

There are two assessments in IOSH MS after completing all seven modules.

- 1) **An invigilated, closed-book, end-of-course multi-format question paper** – completed on the last day of the course.
- 2) **Risk assessment project** – usually completed in the workplace and returned to the training provider within two weeks of the last day of the course.

Mock Assessments:

There are two mock assessments.

- Mock assessment 1 has questions relating to Modules 1 to 5
- Mock assessment 2 has questions relating to Modules 5 to 7

Marking Assessments:

To be eligible for a Managing Safely certificate, delegates must:

- Attend all seven modules
- Achieve the minimum mark on the multi-format assessment paper – this is 36 out of 60
- Achieve the minimum mark on the project – this is 23 out of 38
- Have a total score of 60 or more

What to do if a delegate fails:

If you think that re-assessment is appropriate, you can ask the delegate to complete a different multi-format assessment paper and/or a new risk assessment project. This is usually within 20 working days of the original assessment.

No other chance. If he fails again, The delegates have to attend the complete Course seven Module again.

Benefits of Achieving the IOSH Managing Safely® Certificate

- Enables you to assess and control risks and hazards
- Provides a full understanding of your responsibilities for safety and health
- Enables you to investigate incidents
- Empowers you to measure your own performance against good practice

Target audience:

- Those who manage occupational health and safety and manage risk and resources.

Course pre-requisites:

- None

More Courses could be developed or conducted according to client's request.
